PROFESSIONAL EXPERIENCE

Interned with ZOICX Technologies
OTBI (Osmania Technology Business Incubator)

- Built a spam filter chrome extension
- Learned core concepts of cybersecurity

AI/ML Trainee, Project School, Keshav Memorial Engineering College, Part-time

- Authored a research paper to be published in the field of healthcare and deep learning
- Built projects using full stack, mern using various DL and ML models
- Worked on LLM building and finetuning techniques to build a Finance Chatbot with RAG hybrid architecture

---

PROJECTS

- Developed a Convolutional Neural Network using Pytorch to detect potholes in Images and the finance chatbot agent with multiple agents for various tasks
- Deployed a fully working web application called Med-Net along with a research paper
- Technologies : MERN, Python , Pytorch, TensorFlow, Pandas , NumPy, GCP ,Azure

---

SKILLS

- Programming : Python, Java, C / C++, Kotlin, HTML, CSS , JavaScript
- AI / ML : ANNs , CNNs, LLMs
- Tools : MongoDb, Git , Github, PostgreSQL, AI agents
- Soft Skills: Problem solving, Teamwork, Strategic thinking, Team Management

---

EDUCATION

Keshav Memorial Engineering College | 2023 - 2027
Bachelor of Engineering (CSE AI & ML)

- Affiliated with Osmania University
- Focused on AI & ML and problem solving

Narayana Junior College , Nallakunta| 2021 - 2023
Intermediate Education (MPC)

- 91.4 % Secured

Kalpa School, Banjara Hills, Hyderabad | 2021
Secondary Education

- 92.6 % Secured under ICSE Board

ACHIEVEMENTS

Project School | 2025
Project School, KMEC

Code Conflux | 2023
Winner of the Inter College coding hackathon

Inter College Badminton Competition | 2024
Winner of Men's Doubles and Mixed doubles
Runner-up
